ADDITIONAL COMMENTS

1. On site to conduct partial site inspection and to discuss full permit requirements. Compost Demonstration approval expires on April 23, 2012.
2. Permit requirements were outlined by Larry Frost, Solid Waste Section Permit Engineer. Details of this discussion will be documented in a letter from Mr. Frost to the facility.
3. The following items were discussed after conducting a site tour:
 - a. Unacceptable materials: MSW, fungicide and herbicide containers, etc.

Fungicide container

- b. Turnover of material – all material should be moved through the process of grinding, composting, or recycling/recovery such that no material is on site for >one year.

Older staged pile

- c. Windblown materials observed outside of working area (inside leased portion) of the facility on both the front and rear portions of the facility – collect and manage by the end of each working day.
